

MATERIALS: borisilicate glass
handcrafted ceramic

Preserved plants and moss inside the glass globe are 100% natural. They can only be exposed indoor. They require no maintenance, no watering, no particular brightness. They keep their freshness and flexibility for several years.

GENERAL RECOMMENDATIONS:

- Handle plants with care and delicacy (fragile natural plants).
- Avoid rooms with relative humidity above 80%.
- Use these products in interiors where the temperature is not lower than 10 ° C.
- Avoid sudden fluctuations in temperature.
- Avoid positioning preserved plants just in front of an air conditioner.
